

### HOW TO CREATE A SHOP FOR OTHER PLAYER?

- Attach a wall sign to one of the sides of a chest or above it, to a wall and set the first line to **:as:**.
- Use **/ashop <playerName>** command.
- Right click on a chest

### HOW TO CREATE A SERVER SHOP?

- Attach a wall sign to one of the sides of a chest or above it, to a wall and set the first line to **:as:**.
- Use **/asshop** (double s) command.
- Right click on the chest

### HOW ADD OFFERS TO A SERVER SHOP?

- To add offers to a server shop you can use the same commands You use for a player shop. The only difference is that **<amount>** argument from **/abuy** command will be ignored, but you still have to provide it and it should be any positive integer.
- Server shops have an infinite amount of items.
- As an operator you can sell or buy from a server shop too, but if you press shift, you will remove offer tag.

### HOW CAN SET AN ACCOUNT FOR SERVER SHOPS TRANSACTIONS?

- You can do it in the configuration file. You just have to provide an account name.
- If the account name isn't specified server shops have an infinite amount of money.

### HOW TO SWITCH FROM A FILE TO A MYSQL DATABASE AND VICE VERSA?

- If you don't have any shops on your server, you can change the configuration file in the plugin's directory and that's all.
- If you have some shops on your server, first you have to save them with **/asave** command. Then change the plugin's configuration file and restart your server. When you call **/aload** all saved shops will be loaded.

### HOW TO REMOVE ALL SHOPS OF A PLAYER?

- Use command **/aclear <playerName>**

### HOW TO REMOVE ALL PLAYER SHOPS?

- Use command **/aclear :ps:**

### HOW TO REMOVE ALL SERVER SHOPS?

- Use command **/aclear :ss:**

### HOW TO REMOVE ALL SHOPS?

- Use command **/aclear \***

### HOW TO CAN I REPAIR SHOPS?

- If You moved a shop with World Edit, don't worry. If the shop has a shop sign and it contains offer tags you can recreate it.
- Use **/arepair** to switch to the repair mode.
- Left click on shops you want to fix.
- When you're done, call **/arepair** again.

### HOW CAN I LIMIT A NUMBER OF SHOPS FOR GROUPS?

- You can do it in the configuration file.

### HOW CAN I SET PRICE OF CREATING A SHOP FOR GROUPS?

- You can do it in the configuration file.

### HOW CAN I SET PRICE OF CREATING A SHOP FOR GROUPS?

- You can do it in the configuration file.
